

## tesa® Professional 53988

### Soft PVC Insulation Tape for insulating and marking wires

The electric insulation tape tesaflex 53988 is a reliable helper for electricians, mechanics and other handymen. It is characterized by its relatively thick base material, a high degree of flexibility and a very good adhesive performance (even on steel and at low temperatures). The PVC insulation tape is not only suited for insulating and marking wires but also for repairs and bundling. Since it is available in many colors – red, blue, brown, black, white, gray, green, yellow and yellow-green -, it can also be used as a marking adhesive tape. tesaflex 53988 is certified according to all relevant standards and can be used easily.
