

Product Application Engineering Infotech

Andromeda sw release : FW 98

We are pleased to announce that we've released a new Andromeda updating.

The total amount of the CAN applications available are: **585**

The total amount of the PLIP applications available are: **60**

We strongly recommend to update your products stock with the latest software supplied asking your customers to do the same just before fitting the product on a specific vehicle.

All the installers should have the new DATA LINKER in their workshop to be able to install product in line with our latest updates.

The main updates are:

MAKE	MODEL	MODEL YEAR	APPLICATIONS
